	TWU		TWU		SIUE		UMD	
Option	<a href="#">University Transition First Year (UT1)</a>		<a href="#">International Degree Completion (IDC)</a>		ESLI+ Pathway		Fast Start Pathway	
Description	A full-year transitional program for International Students. This helps students in adjusting to university expectations. Students are full-time and attend the same classes as any other student with regular, fully-qualified TWU Professors*.		International students with a completed diploma from a recognized institution** who have completed ESLI may enter the BA in Leadership and complete it on an accelerated schedule. This allows a student to complete the BA in 24 months or less*. Transfer up to 60 course credits from another university toward completion.		This allows students who score an 85% or higher on the ESLI Placement Exam to take 1-2 university courses while completing ESLI. Number of classes is determined by score and advisor's advice, as well as the student's major. Students earn 3-6 credits toward their degree with support from ESLI faculty and staff.		Students who score high enough on the placement exam are given the option to enroll in a regular academic course at the university. Students can earn 3-6 credits toward their degree while completing ESLI and receiving support from ESLI faculty and staff.
